GERMAN MEETING.—The State Democratic Central Committee has appointed a German Democratic Meeting here, to be held on Wednesday evening, Sept. 14th. Hon. J. E. Egle, of Cincinnati, and Otto Dreesel, Esq., of Columbus, will address the meeting. We hope our German Democrats will bear this in mind, and pass the word.

RELIGIOUS NOTICE.—Elder James Maple, of Franklin, will preach, the Lord willing, on the steps of the Court House, in this City, next Sabbath evening at 4 1/2 o'clock, p. m.

Mr. Babbs, of the Cincinnati Gazette, called to see us yesterday. He is an agreeable gentleman, and a clever writer.

THE PANORAMA.—This exquisite illustration of Scripture history is visited every evening by crowds of people who can appreciate their rare beauties. This evening it will again be exhibited. On to-morrow afternoon the pupils of the public Schools and of the Sabbath Schools will be admitted for 10 cents apiece. We hope they will all improve the occasion. To-morrow night will, we learn be the last night. Do not neglect to see this truly attractive Panorama.

DANGEROUS BUTCHERS.—Mr. Gordon Arnold, of Harrison township, related to us yesterday evening the following account of desperate butchers upon his premises early on Monday morning last. A little after 3 o'clock, he was awakened by an unusual noise which came from the barn yard, and in company with some members of his family at once proceeded to the place to learn what was the cause. They first ascertained that nine of their cattle were out in the lane in front of the house; and as they were in the pasture some distance off on the previous evening, they must have been driven out, as they had to pass through three gates. On further search they found three calves (which had also been in pasture) fastened in a stable; one of them had been worried by a big dog, so the marks were plainly apparent. Near the door were found two butcher knives which the rascals had dropped in the hurry of their flight at the moment of detection. Fortunately the miscreants failed to effect their purpose, and Mr. A. met with no loss. The butcher knives, and in the possession of Mr. A., who will, cheerfully hand them over to their owners, if they will call and prove their property!

AT a man and wife, with their three children arrived last evening from a journey, and were out of money. They applied at ten places of entertainment, and after honestly stating their circumstances, were refused lodging for the night. Just as they were despairing of getting a place to protect them from the night air, they met a stranger in the city (himself a poor man), who, learning and believing their story, procured them something to eat, and afterwards conducted them to the Station, where they spent the night. The stranger, who related to us this story, had not the means to pay for them a night's lodging. He informs us that the family are from Brown county; that the man is a book keeper, and that he had been detained on the road by sickness, and his means exhausted; that he had written home for money, but had failed. The people were respectfully dressed, and gave evidence of being what they represented. Our informant says that their circumstances were made known to the hotels where they applied. How is this?

CAMP QUINMAN.—To-morrow the military will go into camp at Phillips' Woods, on the Troy Turnpike near the Miami River, and about a mile south of the City. It is a beautiful place, and as the weather is pleasant—just cool enough to be bracing—we presume a very large number of people will be present to look in on Camp Quinman, and admire the soldiers. Buses will take persons to and from Camp. We learn that they will start from the Phillips House corner.

A friend of Mr. Belmont, ye balloons, called to see us yesterday evening to request us to make an explanation for that gentleman's which service we declined. He states that B. could not use us on Sabbath, or he would have done so in person; from which we infer that the aeronaut was suddenly incapacitated for writing. B. further desires to say that Mr. Smith swindled him; which we presume he would have us offer as an excuse for his swindling the people in turn. The people (many of whom came fifty and an hundred miles, and paid their quarters), will hold Mr. Belmont responsible for the balloon hoax, as they had an assurance that Mr. Smith or his Horse Show would go up in the "Lithia."

AT Alex. P. J. Snyder, editor of the Cincinnati Standard, we notice, has been nominated by the Democracy of Van Wert and Mercer Counties, by acclamation, for Representative.

Very Contemptible.

The Cincinnati Commercial claims to be a fair and independent press; yet in this morning's issue it quotes the following from our article of Friday last in relation to Mr. Vallandigham and the Senate, viz: "If there is one thing more than another which could stimulate the Democracy of old Montgomery, it would be this, very motive" &c., and yet directly suppresses the fact that the same identical article contained a position declaration by authority of Mr. Vallandigham that he was not a candidate directly or indirectly for the United States Senate. And this is the fairness of the "Independent enterprising" press!

Freble County Items.

Rayon, O., Sept. 12, 1859.

ED. EMPIRE.—Pursuant to a call, the Democracy of Freble county, assembled in Convention on Saturday last, and unanimously nominated Hon. HENRY SHIDLER, as the candidate for Senator in this District.

The very best of feeling characterized the Convention throughout its whole proceedings, and the Democracy have determined to go to work in good earnest, and roll up such a vote for Mr. Shidler, as he never yet has had in the county. The leaders of the Republican party here are disappointed. They had hoped some other man than Mr. Shidler would be selected, because they well knew from past experience, that it is an impossibility for them to control the party vote against him. Many of them acknowledge they are defeated, and consider it will be a waste of material to even make an effort to stem the tide of popular opinion that is in his favor in this county. Mr. Cuppy may as well prepare himself for a safe voyage up Salt River!

The people of this District are well acquainted with Mr. Shidler, having thrice elected him as their Representative. They know him to be an honest and an upright man, against whose public and private character, not one word of reproach dare be uttered. He is a farmer, and one of the people—the poor man's friend—and to exchange him for a money shark—a shaver of paper—is to say the least, would be very unwholesome.

A full Democratic ticket was nominated, which is acknowledged by all parties to be the strongest one ever presented for the suffrages of the people of this county, but as we are largely in the minority, all we can do is to give the opposition a "good fight," which we have resolved upon doing.

Arrangements have been made for starting a Democratic paper, which, if successful, will make its appearance in two or three weeks. It will be under the control of the former editor of the Democratic organ here.

PREBLE.

The individual who does the book for the Germantown Independent, seems to be laboring under the delusion that Col. John Stump, and "some of the editors of the Empire," are candidates for State Senator, and proceeds to canvass their claims. In the elaboration of his ignorance, he evinces an utter lack of good breeding, and amenities which grow out of association with gentlemen of refinement. If decent people would permit him to sit at their feet he might possibly learn to be ashamed of his manners after awhile. We know of no plan by which the quality of his brains could be improved.

SUPERINTENDENTS.—The superintendent question is being agitated in different directions. In the smaller cities, the office is opposed on the ground that it is more ornamental than useful. The Xenia News has the following on the subject:

Springfield is agitated with the bickering and recriminations, arising out of the resignation of the Superintendent of their Public Schools, on the ground of insufficient salary.

Upon investigation, it was found that he demands \$10,000 per year.—An able writer in the News & Journal takes the ground that a Superintendent is a useless in consequence to the schools, saying, "there is a great deal of silly cant about the crowning of the whole being a Superintendent—on the principle, we suppose of a cap about a field of wheat." Other writers take the other side of the question, but all agree in complaining that "their taxes are at the farthest point of endurance and that they must dispense with ornaments."

The Governor of Illinois has ordered a special election to be held in the Springfield Congressional District, on Tuesday, Nov. 8th, to fill the vacancy occasioned by the death of Hon. Thomas L. Harris.

AT extra nine oysters are now to be had in any quantity at 300, Third street. Also, peaches, from Kelley's Island, and grapes, etc., by the load!

IN the town of Canfield, Mahoning Co., O., two extensive coal oil factories are now in operation, and three more are being built.

A small party started for the Reservoir this morning. We are expecting a sample of the fish they will take, by to-morrow's Express.

WE learn that the last of the Horse Show departed yesterday. "We may never look upon his like again," we hope we "mayn't."

Dr. P. A. Smith, indicted at Springfield for committing a rape upon the person of one Mary Powers, has been honorably discharged from investigation. There was found to be not the least shadow of a ground for such an accusation. The whole affair had its origin in malice, and perhaps, professional jealousy.

AT Placerville, in Missouri, state that one Shields is to jump from a scaffold ninety feet into the river below, on the 16th instant. The place is on the American side, where there are plenty of rocks to break the man's neck—Good.
